

Hyungu Kim

Department of Mathematical Sciences, KAIST, Daejeon, South Korea
hyungukim@kaist.ac.kr • <https://hyungukim-math.github.io>

Education

2025–present	Integrated MS–PhD program in Mathematical Sciences , KAIST. Advisor: Prof. Andreas F. Holmsen.
2018–2022	BSc in Mathematical Sciences , KAIST.

Positions

Jul 2025–present	Student researcher, Discrete Mathematics Group (DIMAG), Institute for Basic Science (IBS), Daejeon.
------------------	---

Research Interests

Discrete geometry, topological combinatorics.

Talks

Jul 2026	<i>Extension theorems for arrangements of pseudolines and pseudocircles</i> , Korean Student Combinatorics Workshop (KSCW 2026), Gongju.
----------	--

Teaching

Fall 2026	Teaching assistant, <i>Calculus II</i> , KAIST.
Fall 2026	Teaching assistant, <i>Differential Equations and Applications</i> , KAIST.
Spring 2026	Teaching assistant, <i>Discrete Mathematics</i> , KAIST.
Fall 2025	Teaching assistant, <i>College Math</i> , KAIST.
Fall 2025	Teaching assistant, <i>Differential Equations and Applications</i> , KAIST.
Spring 2025	Teaching assistant, <i>Differential Equations and Applications</i> , KAIST.

Conferences and Workshops Attended

Aug 2026	ASIACOMB 2026, Daejeon.
Aug 2026	Summer School on Combinatorics and Algorithms, KAIST, Daejeon.
Jun–Jul 2026	2026 Workshop on Topological Combinatorics, GIST, Gwangju.
Mar 2026	36th KIAS Combinatorics Workshop, KIAS, Seoul.
Aug 2025	Korean Student Combinatorics Workshop (KSCW 2025), Gyeongju.
Jul 2025	Summer School on Combinatorics and Algorithms, POSTECH, Pohang.

Additional Information

Feb 2023–Nov 2024	Mandatory military service, Republic of Korea.
Languages	Korean (native), English (fluent).
Software	Lean 4 (working knowledge).
